

We are pleased to announce the first seminar of the ESRC funded series:

Rethinking Retirement

The Changing Context of Retirement

10.30am — 3.30pm, 25th February 2010
The Conference Room, University of Edinburgh Business School, 29 Buccleuch Place, EH8 9JS

The seminar will bring together academics, practitioners and policy makers to explore:

- How the context of retirement is changing;
- The consequences for work and retirement in older age;
- The extent to which changes are mirrored across countries.

The seminar is supported by the EU WorkCare Synergies project.

For further details contact the seminar organisers:
