

We are pleased to announce the third seminar of the ESRC series:

Rethinking Retirement

Employment and Retirement

4th November 2011

Manchester Metropolitan University

Organised in conjunction with the Equalities and Human Rights Commission and EU WorkCare Synergies Project

The seminar will bring together academics, practitioners and policy makers to explore:

- The influences on employment in older age;
- The consequences of changes for the future of retirement; and
- The extent to which changes are mirrored across countries.
